Intentional simplicity. Outstanding value.

Ativo suits the diverse needs of budget-conscious clients. With four form factors and four colours to choose from, you can fit a range of hearing losses and style preferences.

Brilliant sound performance. Stylish, comfortable to wear, and easy-to-use hearing aids. Intuitive fitting software and client app. With Unitron, it's easy to love the experience!

With Ativo, your clients can:

- › Experience Unitron sound performance with directionality that adjusts automatically based on noise level
- › Get back to enjoying conversations with proven Unitron technology, including speech enhancement
- › Make hands-free phone calls and stream media to a variety of Bluetooth®-enabled devices

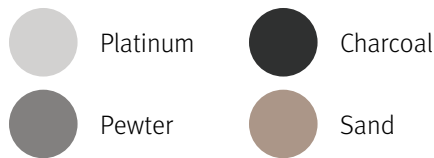

Natural to choose, intuitive to use and easy to love: that's Ativo.

Why compromise?

Offer clients an affordable hearing solution without compromising sound quality, comfort, or usability. They'll experience Unitron sound performance and hands-free convenience with AutoMic adjusting directionality based on noise levels. Plus, speech enhancement gets your clients back to being part of the conversation.

Go hands-free

Clients can keep phone calls hands-free and media streaming smooth with Made For All technology. Ativo pairs with up to eight Bluetooth®-enabled devices, including smartphones, tablets, and digital assistants – and can connect with two devices at once to end the hassle of manual switching. The Remote Plus app and accessories add easy personalisation to extend the experience.

More options for more clients

Fit a wide range of hearing needs, including mild-to-moderate and severe-to-profound. Put client choice front and center with a selection of RIC and BTE styles. Then wrap it all up with an accessible price point and sound performance designed to keep clients engaged throughout their hearing journey.
